

Unlimited Policies

- **What "Unlimited" means** Unlimited Disk Space/Bandwidth/Website Plans. This means that we do not set a limit on the amount of bandwidth, websites or disk space you may use in the normal operation of a personal or small business website, provided it complies with this Agreement. However, in the event your service usage or content presents a risk to the stability, performance or uptime of our servers, data storage, networking or other infrastructure, you may be required to upgrade to a VPS, or we may take action to restrict the resources your website is utilizing.
- **What "Unlimited" DOES NOT mean** HostKash Dot In employs complex mechanisms to protect its hosting Subscribers and systems from any kind of abuse. HostKash Dot In's "Unlimited" hosting offering is not for single or few hosting subscribers to unfairly or adversely impact the experience of other hosting Subscribers. HostKash Dot In's service is offering shared hosting service, which means that multiple hosting Subscriber's websites are hosted from the same server and share server resources. HostKash Dot In's service is designed to meet the typical needs of small and medium sized businesses across globe. It is NOT intended to support the sustained demand of large enterprises, or non-typical applications better suited to a VPS or a dedicated server. HostKash Dot In will make every commercially reasonable effort to provide additional resources to Subscribers who are using their website(s) consistent with these Terms, including moving Subscribers to newer and bigger shared servers as necessary. However, in order to ensure a consistent and quality experience for all Subscribers, HostKash Dot In does place automated safeguards to protect against any website growing too quickly and adversely impacting the system until HostKash Dot In can evaluate said sites resource needs.
- **Unlimited Hosting Space; excessive SQL Database** HostKash Dot In does not set any specific limits on the amount of disk space a hosting subscriber can use for their website, nor does HostKash Dot In charge additional fees based on an increased amount of storage used, provided the hosting subscriber's use of storage complies with these Terms. Please note, however, that the HostKash Dot In service is designed to host websites. HostKash Dot In does NOT provide unlimited hosting for online storage, videos, images, audio, games, installers, executable files, backups, or archiving of electronic files, documents, log files, web spider or indexer, irc, torrent, file sharing, peer-to-peer activities, testing environment etc., and any such prohibited use of the Services will result in the termination of hosting subscriber's account, with or without notice. Accounts with an excessive database size (i.e., more than 1 GB) negatively affect the performance of the server. HostKash Dot In may request that the database size be reduced to ensure proper performance or may disable the Subscriber's account, with or without notice. Hosting subscriber's can create multiple databases however size of each database should not be more than 1 GB.

- **Unlimited File Transfer** HostKash Dot In does not set any limits on the amount of visitor traffic a website can receive or on the amount of content a hosting subscriber can upload to his/her/its website in a given month, nor does HostKash Dot In charge additional fees based on increased use of bandwidth, as long as the hosting subscriber's use of the Services complies with these Terms. In most cases, a hosting subscriber's website will be able to support as much traffic as the hosting subscriber can legitimately acquire. However, HostKash Dot In reserves the right to limit processor time, bandwidth, processes, or memory in cases where it is necessary to prevent negatively impacting other hosting subscribers.

- **Unacceptable Resource Usage**

- Run cron entries with intervals of less than fifteen (15) minutes.
- Run any MySQL queries longer than sixty (60) seconds.
- The Email usage should not exceed 2 GB Per Hosting.
- "Unlimited" usage policies and definitions apply to All the Shared Environment Plans
Shared/Reseller/Master/Alpha Reseller Hosting Plans.

- **Server Resource Usage :**

- The space on shared hosting packages is exclusively for web files and website hosting, and may not be used for media storage, file storage, website backups, FTP hosting, or demo purposes, with the right to inspect accounts for any violations of this Agreement or the AUP regarding disk space, CPU, and other resources.

- We may terminate access to the Services, or take down or erase User Content, for accounts found to be in violation of these Terms and Conditions or other policies, with dedicated and VPS usage limits determined by the resources allocated to the plan purchased.

- Accounts created on the shared environment (by you or your resellers) must not exceed the specified allocation, and exceeding the LVE allocation for any account or hosting on the server will result in the suspension of the corresponding account, with or without notice.
